

Call for applications

LabEx BRAIN program for sabbaticals

The LabEx BRAIN (Bordeaux Region Aquitaine initiative for Neuroscience) aims at promoting excellence of the research, transfer, training and international visibility of Bordeaux Neuroscience. Therefore, the LabEx BRAIN wishes to facilitate **sabbatical stays** (1-6 months) in its affiliated laboratories for **outstanding-level senior scientists coming from foreign countries**.

These visitors will bring their expertise to the Bordeaux Neuroscience community during their stay and act as our ambassadors when they return to their own countries.

Applications will be evaluated year long by the BRAIN steering committee based primarily on excellence of the candidate.

The selected visitors are expected to give at least one seminar during their stay.

❖ Application file:

- **CV** with the **5** most relevant **publications**
- **Host team**
- Starting **date and duration** of the stay
- Summary of the **scientific project**, with a description the expected mutual benefit of the collaboration (up to one page)
- **Letter** of agreement from the head of the host laboratory
- **A financial plan**, indicating the applicant's agreements with her/his home institution, the possible sources of support for salary, travel, housing and research (1/2 page)

❖ General information:

The subvention is **up to 6 000 €**.

There is **no deadline** for submission of proposals
